connecting
your
institution
to the
broadcast TV network

Could you raise the profile of your establishment through TV exposure?

Do you have untapped PR potential within your academic teams?

Is enhancing your institution's public face a top priority?

Do you have top academics regularly making TV appearances?

Would primetime TV appearances boost student numbers?

Can you do something to increase the profile of your academic achievements?

Would the ability to go live from your campus in HD to anywhere in the world seem an attractive proposition?

- Academicstudios design, build and install innovative compact TV contribution studios for use in Universities, Colleges and other education establishments
- We have an 'off the shelf' package that can be installed anywhere within your campus
- **Liveguest**, our brand new low cost system connects your institution to the broadcast TV network
- We use Video over IP technology to send live HD video to broadcasters anywhere in the World
- Your academic talent can be interviewed live with a stunning backdrop of your University or College with your logo live on air
- Academicstudios and **Liveguest** will save your top performers time and could increase their public appearance rate
- **Liveguest** is self operated, so does not require staffing or expert IT knowledge, and it's available 24 hours a day
- We give free media coaching to your top four academics - boosting their 'on screen' performance
- **Liveguest** can also be used for distance learning, remote lecturing & video conferencing
- **Liveguest** has 24/7 online & phone technical support
